AGENDA ITEM # 1

**TO:** Senior and Park/Recreation Commission

**FROM:** Cedric Novenario, Staff Liaison

**SUBJECT:** Pedestrian Master Plan-Working Paper #1 Existing Conditions Assessment

**RECOMMENDATION:**

Receive information and provide comments regarding Working Paper #1 Existing Conditions Assessment

---

**BACKGROUND**

Task 1 of the Pedestrian Master Plan is to conduct a Citywide Pedestrian Assessment, which includes reviewing existing pedestrian planning documents, City Policies, assessing existing pedestrian facilities and conducting commission study sessions.

**DISCUSSION**

Attached is Working Paper #1 Existing Conditions Assessment. This draft examines new and existing goals that provide the frame work for improving the pedestrian experience in the City. The draft examines the existing facilities, connections, destination, and enforcement. Finally the draft provides commentary on potentially opportunities and constraints when forecasting improving the pedestrian experience in Los Altos. Also, as part of this working paper is an appendix section pertaining to existing conditions assessment. The existing conditions assessment will provide the basis for the proposal and evaluation for the Pedestrian Needs Assessment and recommended projects.
